REVIEW

Zema Estate Cabernet Sauvignon 2010 COONAWARRA, SA

So many of the current release cabernets can be just too young to appreciate fully, so it's a joy here, as a regular release, to come across one at five years of age and loving the chance to integrate, settle and truly express the more complex elements that maturity can bring. So: dark, brooding, intensely aromatic with all its typical regional cassis, mint and dark chocolate notes, then lush, ripe and glorious drinking.

FOOD: SLOW BRAISED WITH ROOT VEGETABLES.
