VITICULTURE

The Family Selection wines represent the cream of the Zema crop. The process logically starts in the vineyard through careful monitoring during the ripening period. Outstanding parcels of fruit are then selected for their intensity and varietal flavour.

Coonawarra is well renowned for its remarkable 'terra rossa' soil, a thin metre band of soil over laying a deep formation of limestone. The Zema family is proudly traditional in its approach to vineyard practices with carefully controlled cropping levels and hand pruning yielding fruit of the highest quality. These practices are enhanced by the family's three strategically selected vineyard locations, capitalising on the regions subtle variations.

WINEMAKING

This wine was fermented under controlled temperature for 7 days with part barrel fermentation to enhance complexity. Maturation in French oak barrels for 22 months has assisted the development of the rich characters of the Cabernet Sauvignon fruit, producing a vibrant rich wine with attractive fruit and oak flavours.
