

# ZEMA

## ESTATE

### 2014 CLUNY

#### GRAPE VARIETY

Cabernet Sauvignon (67%), Merlot (25%), Malbec (4%), Cabernet Franc (4%)

#### COLOUR

Attractive medium red colour.

#### AROMA

Lifted blackcurrant, liquorice with herbal notes.

#### PALATE

Ripe and juicy palate filled with blackberry, plum and fruitcake. The sweet dark fruit flavours and toasty oak overtones meld together to provide layers of complexity and the elegant finish adding to the overall appeal of the wine.

#### VITICULTURE

Coonawarra is renowned for its remarkable 'terra rossa' soil, a thin metre band of soil over laying a deep formation of limestone. The Zema family is proudly traditional in its approach to vineyard practices, favouring hand pruning and limited irrigation to maximise fruit quality. These practices are enhanced by the family's three strategically selected prime vineyard locations, capitalising on the regions subtle climatic variations.

#### WINEMAKING

This wine was made from fruit which was harvested at its optimum maturity. The wine was fermented for 7 days under controlled temperatures in a combination of rotary and static fermenters. Maturation for 14 months in small French and American oak barrels has assisted in the development of a wine that shows vibrancy and richness.

#### WINEMAKER

Greg Clayfield

#### COMPLEMENTARY FOOD

Cured Meats, Pasta, Lamb Shanks, Hearty Veal Casserole, Pork Belly.

#### CELLARING

This wine is drinking well at the time of release and also has good cellaring potential.

#### ZEMA ESTATE

The Zema family has been consistently producing exceptional hand crafted Coonawarra wines since 1982.

All Zema Estate wines are Estate grown and vintaged.

#### WINE ANALYSIS

Alc /Vol 13.5%  
pH 3.62  
Acidity 6.4g/litre
